

# 2021 - 2022 Club Championship Heats

## Back to back Racing

On racing days when two races are scheduled back to back, the courses below will be used.

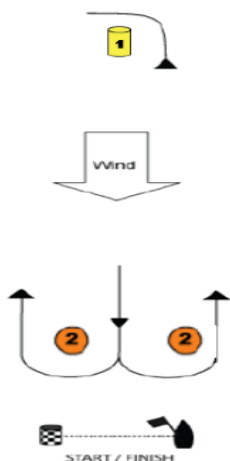

Racing will be two heats back to back with starts and finishes at the John Allen Start Boat.

The format will be windward / leeward using the sub mark (referred to as '1' on the course diagram) as the top mark and pink inflatable marks as a leeward gate.

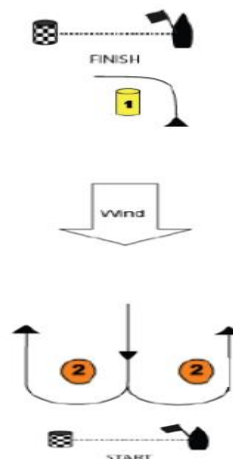

The Race Officer will monitor shipping movements and take such steps to as far as possible ensure fair competition, which may include for example: delaying start times; shortening course; changing course; or abandoning a race.
